

Cabinet Information

Q. Are your cabinets Ready to Assemble (RTA) or are they pre-assembled?

A: The cabinets come unassembled. It means Ready to Assemble (RTA).

Q. What are Ready to Assemble (RTA) cabinets?

A: Ready-to-Assemble (RTA) cabinets are individually packaged cabinets that require assembly prior to installation.

Q. Are the cabinet doors solid wood?

A: Yes, the cabinet doors, drawer fronts and face frames are constructed using $\frac{3}{4}$ " hardwood. Raised panel doors feature solid center panels except for painted product which as a solid MDF panel. Recessed panel doors feature hand selected veneer to eliminate "zebra stripe" with solid MDF panel.

Q. Do your cabinets contain any particleboard?

A: Our cabinets are made from solid hardwoods and furniture grade plywood. There is absolutely no particleboard contained in our cabinetry.

Q. How are your drawers constructed?

A: Our cabinetry features 4-sided drawer boxes constructed from $\frac{5}{8}$ " thick solid hardwood featuring dovetail joints and fully captured $\frac{3}{8}$ " thick plywood floor. Drawers slide smoothly on an under mount full extension soft close drawer glide.

Q. Do your cabinets have "soft close" doors?

A: Yes, a "soft-close" door feature is standard for our cabinets.

Q. How is the interior of the cabinet finished?

A: All cabinets feature a sanitary, wipe-clean, UV coated finished interior.

Q. Are these cabinets strong enough to support granite top?

A: Our "all plywood" construction insures the strength required to support granite, concrete or any other countertop material that you may select. No additional cabinet reinforcement is required.

Care & Maintenance

Q. What if the cabinetry is accidentally scratched or dented during installation?

A: Touch up kits are available in every color.

Q. What is the warranty period ?

A: Our cabinets have a manufacturer limited lifetime warranty.

Q. Will the cabinet finish stand up to the cleaning products I use in my kitchen and bath?

A: Our cabinetry uses a catalyzed varnish topcoat that is specially formulated to protect wood from moisture and everyday household cleaners.
